Discussion:

Supervisor Bott asked Michael Miner to describe the proposed district. Mike Miner explained that there are 2 vacant lots. Tom Murley, the previous Town Engineer completed the design and work w/ Jim Canstanzano years ago. The pipes are in and everything was set to go, but Jim Canstanzano decided not to build on the 2 lots. This proposed district extension will be at NO cost to the town and there is no construction to be done, as everything is already in place. Michael Miner added that when the homes are built, the homeowners will need to connect to the main at their own cost.

Supervisor Bott asked if the board had any question, no board member had any. He then asked if the public had any question, none were received.

Adjournment:

Councilwoman Hoffman made a motion to adjourn the Public Hearing, seconded by **Councilwoman Merola**. All board members voted Aye, motion carried. Adjournment was @ 6:49 P.M.
